**MAIL STOP AMENDMENT**

Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

**STATEMENT BY ACTUAL INVENTOR IN  
NONPROVISIONAL APPLICATION****I.**

I, R. Terry K. Baker, residing at 6 Emerson Way, Hopkinton, Massachusetts, 01748, make this statement in support of the "Amendment and Request to Add Name of Inventor of Invention Originally Disclosed and Now Being Claimed (37 C.F.R. 1.48(A) - Nonprovisional Application" which I have read.

**II.**

I have also read the above-identified specification and claims.

**III.**

I confirm that I have first hand knowledge that the omitted inventor assisted with discussion leading to the conception of the above-identified invention while in the employ of or otherwise obligated to the entity showing a proprietary interest that I now set forth:

1. I, R. Terry K. Baker, am the Vice President of Research for Catalytic Materials, L.L.C.;

076019 1

2. As Vice President of Research for Catalytic Materials, L.L.C., I am responsible for directing research at Catalytic Materials, L.L.C.;

3. That Haiyou Wang was at all pertinent times an employee of Catalytic Materials, L.L.C., and is still presently an employee of Catalytic Materials, L.L.C.;

4. That Haiyou Wang participated in discussions and made valuable contributions to the conception of the invention of the subject patent application;

5. That, in my opinion, Haiyou Wang should be added as an inventor on the subject patent application because his name was inadvertently left off of the documents sent to our patent attorney, Henry E. Naylor. The inventorship error of failing to include Haiyou Wang as an inventor in the application occurred without any deceptive intention on the part of the applicant.
